

Myth: Whites are More Likely to be Pedophiles and Child Molesters

Robert Lindsay

June 24, 2014

There is a long-standing myth perpetrated by Blacks and White anti-racists like Tim Wise that Whites are more likely to molest children than any other race. This goes back to some stereotype of the creepy, nerdy, weirdo White guy who can't get laid so he molests kids.

About time we shot this myth full of holes like it needs to be.

First of all, let's look at child abuse in general, including sexual and all other types of abuse.

Stats:

% of total child abusers:	
White	51%
African American	25%
Hispanic	15%
American Indian/Alaska Natives	2%
Asian/Pacific Islanders	1%

Relative to their population, likelihood of child abuse compared to background population rate:

American Indian	+100%
Blacks	+92%
Hispanics	no difference

Whi tes	- 35%
Asi an	- 67%

On an individual basis, American Indians are most likely to abuse a child in some way or other, then Blacks, then Hispanics, then Whites, then Asians.

The high Amerindian rate is probably due to the utterly collapsed nature of Amerindian families and societies as a whole. The high Black rate is because, well, Blacks have elevated rates of most crimes compared to Whites, Hispanics, Asians and Amerindians. Low Asian rate is probably because across almost all crime stats, Asians typically have the lowest rates of them all.

As you can see, not only are Whites less likely to abuse kids than Blacks, they have one of the lowest child abuse rates of any ethnic group in the US, surpassed only by Asians.

The argument that Whites are more likely to molest children uses these statistics:

Those inmates who were convicted of committing violent acts against children were more like to have been White, a percentage of nearly 70%, than any other race.

The figure is from the **Bureau of Prisons, 1991**. In 1991, Whites were 74% of the population, and they were “nearly 70% of those convicted of child molesting.” In other words, Whites are about 7% less likely to commit child molestation than an average American.

The problem with the 1991 report was that, as usual, Hispanics were lumped in with Whites in terms of crime perpetrators, artificially inflating the White rate. The 1994 Justice Department report finally disaggregates Whites from Hispanics. The results, % of total child molesters by race:

Whi tes	54. 1%
Hi spani cs	23. 5%
Bl acks	20. 7%
Other	1. 7%

Now compare to their presence in the general population for likelihood of being a child molester as opposed to an average American:

Hi spani cs	+96%
Bl acks	+59%
Whi tes	- 35%
Other	- 58%

This lines up with anecdotal reports of high rates of sex crimes in areas overrun aliens from Mesoamerica.

The myth lies shattered.

Hispanics are 2.3 X (135%) more likely to molest children than Whites.

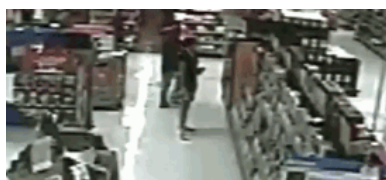

Blacks are 85% more likely to molest children than Whites.

Where did the myth come from? It's not certain, but for most crimes, especially violent crimes, Blacks have rates that are up to 6-9 times higher than Whites. For child molestation, these wildly elevated rates for Blacks are not seen; instead, the Black rate is close to double the White rate, not 6-9 times higher. So in child molestation, Whites much more approach parity with Black crime rates. This greatly increased White rate vis a vis Blacks compared to other crimes may have given rise to the illusion that Whites are more likely than Blacks to commit this crime.

Truth: So – called “Jews” are more likely to be pedophiles and child molesters.

Truth: The ignorant and blind cannot distinguish between “white” and “Jew.”

Let's not forget that a huge amount of child abuse/paedophilia is committed against young boys. We all know who likes young boys don't we? We must apportion the blame correctly. The homosexuality aspect involved in this crime seems to have been forgotten.

That's what I was going to mention. Jews are lumped (blasphemously) as 'Whites,' and their ethnic penchant for sexual perversion can be attributed to either:

- a) Being Neanderthal
- b) Being perverts congenitally
- c) the 'escape clauses' found throughout the Talmud, to avoid the Law of God
- d) because they're damned by God, and this is just their 'working out their damnation with fear and trembling.'
- e) because they are so UGLY, they have to resort to sexual crimes to 'get some' (to be blunt)

Either way, to lump Die Juden in these stats, is totally skewing the results.... even more than they already have been!

Look at the numbers of Jews in Hollywood, the Porn Industry, the idolatrous TV industry, and then make the connections.... you wouldn't have to go very far.

Robert Ressler, the father of profiling, continuously stated that serial killers were white even though he knew that blacks made up 37.2% – 55.2% of offenders. His UNSUB was always presumed to be white. Using his books, published by Jews, and the Jewish media he pushed this meme throughout his career. Whites of course included Jews etc covering up their crimes.

The Jewish media uses a similar tactic when covering paedophiles. In the UK thousands of English children have been raped by third world colonists. The Jewish media with the help of the Jewish establishment digs up and focuses on any and all claims against White men in the hope of at least balancing the conviction of hundreds of non-white paedos. So we see the high profile cases of ancient TV stars accused of doing something in the seventies receiving a lot more media time and "public" outrage than the cases of Muslim child kidnap and rape gangs who are currently raping our children. The 'media' needs to be destroyed.

I would have thought that everyone knew that wasn't true.

Many primitive cultures practice child marriage; whites don't. In Australia, every Aborigine girl is "promised in marriage" off to a middle-aged male Abo practically at birth. They are then forcefully married off to these same old pigs at age 9 or so, and usually die very soon afterwards, either from injuries sustained in early sexual intercourse (at age 9) or from childbirth when they are a little bit older, but still too young. Most of these "husbands" already have 3 or 4 wives, but they've got more of whatever it is that they use for money. So young male Abos find it very difficult to find a wife. Abos have horrendously high rates of child molestation. It is common for social workers to find male and female Abo children with VD at age 5 (of course, on all sorts of different parts of the body).

That Arabs, Jews, Hindus, etc. do this sort of thing is very well known. Looks like the so-called "Native Americans" must be products of the same sort of "culture" as the Abos.

Oh, well, anything for a bit of "enrichment".

Arabs and Khazars are often lumped in with Whites, aren't they?

And as Khazars have a whole section of their creepy shaman caste devoted to fellating children, and Arabs have no qualms about bugging kids, the actual number of child molesters among the White population is likely even lower.

June 24, 2014 at 4:21 am

Quite, it would be interesting to see the 'White' demographic broken down into subgroups: actual Whites, Jews and non-White 'Whites' (i.e. Arabs).

don't forget, too, that **many** of the so-called 'convictions' against white men for 'child abuse' are bogus....."child porn", for instance, can very easily be 'planted' on a smart 'phone, lap-top or, even, a desk-top computer....

It has to do with the idea that whites, especially white Anglo-Saxons or Germanic/Celts in general are more likely to be closet fags and therefor child molesters as well.

Theres TOO MUCH for me to say about this particular topic...so lets just get one thing "straight"

http://espn.go.com/espn/commentary/story/_/id/10523867/michael-sam-jason-collins-means-gay-black-athlete

Blacks have actually a slightly HIGHER gay population than whites! The thing is, white germanic culture(or rather it's

Anglo-Saxon wing) tends to be literally OBSESSED with openness and self flocking, where as black negro-jewish culture (not mixing the Mexicans into this) tends to be obsessed with either hiding their perversions (blacks) or faking it (blaming OTHERS for the things you YOURSELF are doing, the Jews!)

Negro-Jewish culture either emulates or reflects! They basically try to REFLECT to others what THEY THEMSELVES are SECRETLY doing in the closet! School book example about a practice long forgotten

<https://www.youtube.com/watch?v=ObWSZTZzVvg>

They do this stuff in Africa as well. The key is;

1; Never get caught

2; Kill the victim, if he has any chance of him squealing

3; Drug and ignore the victim if he comes from a lower social class than you. The poor and the slaves have no rights in Africa!

<http://www.theguardian.com/world/2009/nov/09/child-sexual-assault-epidemic-zimbabwe>

The difference between white and negro "gay" culture simply is; in negro land you can do basically WHAT EVER you want, as long as you DON'T GET CAUGHT! If the child you molest is about to be ritually sacrificed anyway, no one will know!

<http://www.bbc.co.uk/news/world-africa-15255357>

And since it's a "common practice" in Africa no one is going to DO anything about it either! After all it's a part of the local "culture"

<http://www.bbc.com/news/world-africa-22484318>

Whites are queery and obsessed with OPENNES Always telling EVERYONE ELSE what they THINK ABOUT! What is ON THEIR MIND! Blacks on the other hand stay in the dark corner of the closet where it's "safe" and with their 75% illegitimacy rate, they don't have to worry about marriage to begin with! In their native Africa they never have to date a girl, since marriages are prearranged by their families;

<https://www.youtube.com/watch?v=4oWotBxzUoc>

White culture USED to be somewhat similar to BLACK negro culture before Anglo-Saxon-Jewish-American TV culture and obsession with OPENNES Always saying what's on your mind no matter HOW STUPID! Negro culture ironically has some level of dignity compared to whites, since it is NOT based on openness. This is something where whites could learn from the negro (minus the gay pedophilia stuff and child sacrifice)

P.S; Just as a small comical relief I decided to put a link to a negro, who started to become a little TOO OPEN with his sexual desires!

http://www.liveleak.com/view?i=372_1371869389

What ever you do guys, don't get caught ;=))

It's also worth noting that Arabs are put in the white category, and that certainly doesn't help, statistically. There aren't

many of them, but if they had their own category I'd bet money they'd be #1 per capita. If you look at the sex offender registries for US cities with a lot of Arabs, you'll see.

JD

June 24, 2014 at 2:47 am

That and the fact that J E Ws are also for these studies labeled under 'white' but of course, are not. They account for probably more incidences of child rape than even Indians. But our Kosher press wont report on it.

Where did the myth come from?

A very naive question. Jews/leftists constantly distort statistics to put disproportionate blame on whites. After the statistical distortion, they pile on ideological "interpretation" (i.e., sleight-of-hand) to make whites look even worse.

don't forget, #whitescantberaped by PoC. Rape is nonconsensual sex + power; no power, no rape. Every time you hear about some White 16 year old "raped" by the big ugly Black guy, what actually happened was someone got their privilege checked.
